Tender for the organization of the E&E congress 2024 in Budapest

Dear EAPA Board,

The Hungarian Asphalt Pavement Association hereby declares its intention to submit a tender for the organization of the E&E congress 2024 in Budapest.

Our tender is based on the consideration that up to now, most of the congresses have been taken place in the western part of Europe. In the eastern part, Istanbul and Prague have been the only congress venues so far.

Budapest could be an ideal choice, since

- it is easily accessible from every direction
- from 9-10 countries it is also accessible by car
- it is also a popular tourist destination
- it has several establishments with capacity to accommodate and provide service for a large number of visitors
- the Hungarian hospitality is well known in the European countries

In the attachment you will find the declarations of support from the following professional and political organizations:

- Mayor of Budapest
- State secretary for transport, Ministry for Innovation and Technology
- Chief Executive Officer, Hungarian Public Roads Nonprofit PLC
- Chairman, Hungarian Road and Rail Society (MAÚT)
- General Secretary, Hungarian Scientific Association For Transport
- Chief Executive Officer, Budapest KözútZrt. (Budapest Public Roads Company).

BUDAPEST FŐPOLGÁRMESTERE

Ikt. szám: FPH30/1493 - 2 /2018

Magyar Aszfaltipari Egyesülés

Veress Tibor igazgató úr

Magyar Aszfaltipari Egyesülés

Veress Tibor igazgató úr

Tisztelt Igazgató Úr!

Budapest Főváros Önkormányzata folyamatosan szem előtt tartja a mérnök- és ezen belül az utépítő szakma fontosságát. Többek között arra is törekszik, hogy Budapesten az aszfaltipari innováció megfeleljen a társadalom igényeinek, és a város, mint kongresszusi helyszín, a világ ismert és elismert nemzetközi helyszíne legyen, mely otthont adhat az utépítő vállalkozásoknak, valamint az ezek iránt érdeklődő külföldi szervezetek és szakértők számára is.

Az E&E Kongresszus rangos nemzetközi esemény, ezért a Magyar Aszfaltipari Egyesülés pályázati szándékával, a 2024. évi kongresszus Budapesten történő megrendezésével egyetértek, azt elviekben támogatom.

Budapest, 2018. augusztus „02.”

Tisztelettel:

Tarlós István

Prerequisites for E&E Congress Venue

- Four Congress days
 - o Exhibition build day
 - o Day One: Full day technical programme and exhibition + Congress dinner
 - o Day Two: Full day technical programme and exhibition
 - o Day Three: Half day programme and exhibition (breakdown stands in afternoon)
- One Auditorium to seat minimum 1,000 people plus stage
- One Room for parallel sessions minimum 450 people,
- Minimum three rooms for min 100 people,
- Exhibition space > 1,000m² net for minimum 1,000 people
- Latest Congress with appr. 40 stands: 8 x Gold customised stands with dimensions 27- 36m² , 10 x Silver/Bronze stands with dimensions 18 - 27m², 19 x general shell scheme stands with dimensions 9 -18 m²)
- Poster area min 500m² net
- Auditorium, Rooms and Exhibition area in same building
- Cost max. 120,000 Euro

Lehetséges helyszínek

- Kongresszusi Központ
- Új Kongresszusi Központ
- Bálna Budapest Rendezvényközpont
- Millenáris Park**

Gálavacsora lehetséges helyszínek

- Szépművészeti múzeum
- Várkert Bazár
- Vigadó
- New York Palota
- Eiffel Műhelyház
- Nagy László Aréna
